Under data protection law, individuals have a right to be informed about how Wyre Forest School (WFS) uses any personal data that we hold about them. We comply with this right by providing 'privacy notices' to individuals where we are processing their Personal Data.

This privacy notice explains how we collect, store and use Personal Data about **pupils**.

We, WFS, are the 'Data Controller' for the purposes of data protection law.

Charlotte Shepard, Shepard Consulting, acts as our Data Protection Officer (DPO). Details regarding how to contact our DPO are contained in the "Contact Us" section of this Privacy Notice.

- carry out research
- comply with the law regarding data sharing

### **As an Early Years setting we also hold the personal data and use it to:**

- ensure that the early years setting receives appropriate funding
- provide appropriate pastoral care
- support your child's teaching and learning
- monitor and report on your child's progress

As well as information about your child, WFS may also securely transfer copies of your completed Parent Declaration Form/s.

### **What the Local Authority does with data on children attending early years settings**

Worcestershire County Council holds this personal data and uses it to:

- ensure that the early years setting receives appropriate funding, including supplementary payments for children with Special Educational Needs and Early Years Pupil Premium;
- meet funding requirements for early years places in Worcestershire;
- ensure there are sufficient early years places in the Local Authority;
- support your child's teaching and learning;
- assess how well the early years setting is doing;
- ensure that the setting is administering the funding/free entitlement appropriately;
- enable the Local Authority to carry out other specific functions for which it is responsible, such as school admissions and Children's Centres. This will include providing the receiving school (Reception) with information about your child's early years provision; to include the name of the setting, the level of funding received (Early Years Pupil Premium and Special Educational Needs) and any specialist agency involvement.

WFS may also securely transfer information about you and your partner (if applicable) to:

- apply for Early Years Pupil Premium for your child to ensure that they are able to provide appropriate teaching and learning, facilities and resources to enhance the quality of your child's early year's experience;
- apply for the Disability Access Fund as per your allocation;
- validate your 30 Hours Eligibility Code to allow your child to access their 'additional' entitlement.

Access to information is conducted on a strictly need to know basis. Information is held securely and confidentially. Information will be securely shared across the Local Authority and with Local Authority Commissioned Partners. Information is retained in line with Worcestershire County Council's Document Retention Policy before being securely disposed of/deleted from electronic systems.

### **How we use 'children in need' and 'looked after children' information:**

### **Our legal basis for using this data**

We only collect and use pupils' Personal Data when the law allows us to. Most commonly, we process it where:

- we need to comply with a legal obligation
- we need it to perform an official task in the public interest

Less commonly, we may also process pupils' Personal Data in situations where:

- we have obtained consent to use it in a certain way
- we need to protect the individual's vital interests (or someone else's interests)

Where we have obtained consent to use pupils' Personal Data, this consent can be withdrawn at any time. We will make this clear when we ask for consent and explain how consent can be withdrawn.

Some of the reasons listed above for collecting and using pupils' Personal Data overlap, and there may be several grounds which justify our use of this data.

### **Collecting this information**

While the majority of information we collect about parents and carers is mandatory, there is some information that can be provided voluntarily.

Whenever we seek to collect information from you or your child, we make it clear whether providing it is mandatory or optional. If it is mandatory, we will explain the possible consequences of not complying.

### **How we store this data**

We keep personal information about parents and carers while their children are attending WFS. We may also keep it beyond their attendance at the school if this is necessary in order to comply with our legal obligations. For further details regarding Data Retention please see WFS's Data Retention Policy which is available on the WFS website.

### **Data sharing**

We do not share information about parents and carers with any third party without consent unless the law and our policies allow us to do so.

### **Transferring data internationally**

Where we transfer personal data to a country or territory outside the European Economic Area, we will do so in accordance with data protection law.

### **Parents and pupils' rights regarding personal data**

Individuals have a right to make a '**Subject Access Request**' to gain access to personal information that WFs holds about them.

Parents/carers can make a request with respect to their child's data where the child is not considered mature enough to understand their rights over their own data or where the child has provided consent. Information requests can be denied where a pupil would be put at risk, for example child protection information.

Parents also have the right to make a Subject Access Request with respect to any Personal Data the school holds about them.

If you make a Subject Access Request, and if we do hold information about you or your child, we will:

- give you a description of it
- tell you why we are holding and processing it, and how long we will keep it for
- explain where we got it from, if not from you or your child
- tell you who it has been, or will be, shared with
- let you know whether any automated decision-making is being applied to the data, and any consequences of this
- give you a copy of the information in an intelligible form

Individuals also have the right for their personal information to be transmitted electronically to another organisation in certain circumstances.

If you would like to make a request please contact WFS's Data Protection Officer, whose contact details are provided in the "Contact Us" section of this Privacy Notice.

### **Other rights**

Under data protection law, individuals have certain rights, in certain circumstances, regarding how their Personal Data is used and kept safe, including the right to:

- object to the use of Personal Data if it would cause, or is causing, damage or distress

- object to decisions being taken by automated means (by a computer or machine, rather than by a person)
- in certain circumstances, have inaccurate Personal Data corrected, deleted or destroyed,
