

Kelly Yapp

I am married with a family of six children. One of my sons currently attends the nursery at Wyre Forest School. I have lived in Kidderminster for the majority of my life, attending both St John's Middle School and also Harry Cheshire High School. I have 15 years' experience of personnel and administration roles within the manufacturing industry. Following the birth of my last child, I decided to take time away from full-time work to pursue my interest in psychology and counselling. I am now in my second year of study for a degree with the Open University, which I hope will facilitate a career in this field in the future.

It is my firm belief that access to quality education is a fundamental human right and it is this passion that motivated me to apply to become a governor at WFS. As such, I would like to use the opportunity to give back to the amazing people who invest so much in our children's lives by supporting their work and assisting the school's vision to be extraordinary. I am truly passionate about exploring ways in which parents and school can work collaboratively to achieve the best outcomes for all children academically, vocationally and emotionally.
