

Supporting Families at Wyre Forest School

At Wyre Forest School we recognise the challenges that families face in bringing up children with additional needs. There may be times when you need extra help and support. If this is the case please come and talk to us. There are many ways in which we can help as outlined in this offer of Early Help.

The diagram below shows the range of needs at different levels. We use this graduated approach to make sure we provide the best support for different families' individual situations.

Providing early and extra help to our pupils and families here at WFS means we are more effective in promoting support as soon as we can. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to young adulthood.

In **Keeping Children Safe in Education 2023** it makes it clear that ALL staff should be aware of their local early help process and understand their role in it. In addition, this statutory document

makes it clear that any child may benefit from early help, but all school staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;
- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance present challenges for the child; such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Everyone needs help at some time in their lives and therefore an ethos of early help is important for any school.

The coordinated WFS offer of Early Help is outlined in the table below. We believe that early interventions for children or families, in many cases, will prevent children from experiencing harm.

All WFS staff must be aware of the school's offer of early help. At all times, staff should consider if there is any offer of early help that we can make in order to help a child thrive.

We also liaise with other agencies and people within the local community. In the table below are some National organisations that can support children, young people and their families

Bullying (including Cyber bullying)	<p>Cyberbullying is using the internet, email, online games or any digital technology to threaten, tease, upset or humiliate someone else.</p> <p>If the police consider a message or post to be potentially criminal, they will take appropriate action. This could involve arresting the person responsible or interviewing them under caution. Cases involving sustained abuse or where someone's life is threatened will be treated seriously. The police will consider all of the circumstances when considering the best response to a report of cyber bullying. They will assess how vulnerable the victim is and what resources are required to trace the offender via social networking sites that often operate abroad and to different legislation. In certain cases it may be difficult to take action if the offender isn't in the UK. They will work with the victim to bring about the most suitable and proportionate conclusion, this will include alternative options that include the officer in the case using their discretion and working with the offender to record an apology to the victim.</p> <p>Useful links</p> <p>Bullying UK</p> <p>Childline</p> <p>KidScape: These resources provide information on issues surrounding bullying, online and personal safety. <p>Child Criminal and Sexual Exploitation</p> <p>GET SAFE</p>	<p>Here is some guidance for frontline professionals on dealing with county lines, part of the government's approach to ending gang violence and exploitation:</p> <p>https://www.gov.uk/government/publications/criminal-exploitation-of-children-and-vulnerable-adults-county-lines</p> <p>Children who are trafficked, exploited or coerced into committing crimes are victims in need of safeguarding and support. Though perceptions are altering these young people are still often criminalised and perceived as having 'made a choice' to take part in illegal activity.</p> <p>https://www.catch-22.org.uk/child-criminal-exploitation/</p> <p>GET SAFE is a new county wide initiative (2021) in partnership with West Mercia Police that aims to raise awareness, and protect young people, from all forms of exploitation. This should be the first point of access for professionals when seeking advice around concerns and referrals for pupils at WFS who are at risk of Criminal, gang or Sexual exploitation</p> <p>https://www.worcestershire.gov.uk/GetSafe-keepingchildrenandyoungpeoplesafefromcrimalexploitation</p> <p>Key facts about CSE</p> <ul style="list-style-type: none"> • It affects both girls and boys and can happen in all communities. • Any young person can be targeted but there are some particularly vulnerable groups: Looked After Children, Children Leaving Care and Children with Disabilities. • Victims of CSE may also be trafficked (locally, nationally and internationally). • Over 70% of adults involved in prostitution were sexually exploited as children or teenagers. • Sexual violence or abuse against children represents a major public health and social welfare problem within UK society, affecting 16% of children under 16. That is approximately 2 million children.
<p>Children and the court system</p>	<p>Children are sometimes required to give evidence in courts, either for crimes committed against them or for crimes they have witnessed. There are two guides to support these children which can be found at www.gov.uk (young witness booklet for 5 to 11 year olds) which is a pdf. There is also a document called "going to court and being a witness age 12 to 17" which is also found at www.gov.uk. Making family arrangements via court can be stressful and entrench</p>

Children Missing in Education (CME)	<p>Children Missing Education (CME) refers to 'any child of compulsory school age who is not registered at any formally approved education activity eg school, alternative provision, elective home education, and has been out of education provision for at least 4 weeks'. CME also includes those children who are missing (family whereabouts unknown), and are usually children who are registered on a school roll / alternative provision. This might be a child who is not at their last known address and either has not taken up an allocated school place as expected, or has 10 or more days of continuous absence from school without explanation, or left school suddenly and the destination is unknown.</p> <p>This is the link for Children Missing Education on the Worcestershire website http://www.worcestershire.gov.uk/info/20595/behaviour_and_attendance/293/children_missing_education</p>
Children with family members in prison	<p>Approximately 200,000 children have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. DDNs (Dangerous Drug Networks)	<p>DDN's are drug dealing gangs who target vulnerable people in order to set up drugs distribution networks.</p> <p>These criminals are using extreme violence to establish a presence, displacing an existing drug supply chain and intimidating rivals, witnesses and victims, this has resulted in local murders.</p> <p>DDN's exploit vulnerable teenagers to become drug runners for their network. Hate Crime	<p>A hate crime is a criminal offence whose motivation can be shown to be race, national origin, religion or sexual orientation. Honour based violence (HBV)	<p>Honour' based violence (HBV) occurs when perpetrators believe a relative or other individual has shamed or damaged a family's or community's 'honour' or reputation (known in some communities as izzat), and that the only way to redeem the damaged 'honour' is to punish and/or kill the individual. 'Honour' based violence is a term that is widely used to describe this sort of abuse however it is often referred to as so called 'honour' based violence because the concept of 'honour' is used by perpetrators to make excuses for their abuse. There is a very strong link between 'honour' based violence, forced marriage and domestic abuse. The term 'Honour Based Violence' is the internationally recognised term describing cultural justifications for violence and abuse. Honour Based Violence cuts across all cultures and communities: Turkish, Kurdish,</p>
-----------------------------	--

	<p>Afghani, South Asian, African, Middle Eastern, South and Eastern European for example. This is not an exhaustive list. Where a culture is heavily male dominated, HBV may exist. The police have made it a high priority to help communities fight back to tackle both honour based violence and hate crime.</p> <p>The 'Honour Network Help line': 0800 5 999 247</p> <p>Having somewhere safe and warm to sleep at night is a right for every child. <p>Missing Children and Adults Strategy (vulnerable children and adults who go missing)</p>	<p>Every year an estimated 200,000 people go missing in the UK. In some cases, missing adults may have made a choice to leave and 'start their lives over again', but the vast majority of missing people, children and adults, are vulnerable and need protection and support. The strategy has three key objectives which provide the right foundations for any effective local strategy to tackle this issue: Prevention - reducing the number of people who go missing, including through prevention strategies, education work and early intervention in cases where children and adults repeatedly go missing Protection - reducing the harm to those who go missing, including through a tailored, risk-based response and ensuring agencies work together to find and close cases as quickly as possible at a local and national level Provision - providing support and advice to missing persons and families by referring them to agencies promptly and ensuring they understand how and where to access help. The police should be informed if any child or adult goes missing. The Missing Children and Adults strategy can then be referred to for further information and help. It is a home office publication (2011).</p> <p>https://www.gov.uk/government/publications/missing-children-and-adults-strategy</p> <p>https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/117793/missing-persons-strategy.pdf</p>
<p>Online Safety</p>	<p>Online Activity (phones, computers) can be a serious risk to children: The use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation – technology often provides the platform that facilitates harm. With the right support, education and safety measures in place the internet and new technologies can also bring great benefits but we must all be vigilant. Our school website has lots of useful guidance and information:</p>
