Communication Team News

This week, sign of the week is NEXT. Please follow the link.

<https://www.wfs.worcs.sch.uk/page/?title=Sign+of+the+Week&pid=333>

We have created a "Talking to children about COVID-19" page in the communication area on our WFS website. The page has lots of videos and easy-to-read information about different aspects of COVID-19. Go and check it out!!! Just follow the link:

<https://www.wfs.worcs.sch.uk/page/?title=Talking+to+Children+About+COVID%2D19&pid=340>

Information for Parents;

- There is a survey for young people to help shape both adults' day care and children's short breaks offer. It's on the Local Offer website, on the news and updates page and has been promoted by social workers with the families they are working with. They want to know about the things young people like to do. Any clubs they go to, activities they do? They also want to know about things they would like to do. This will help the Local Authority think about and change the help, the clubs, and activities they are able to offer them.

- “ON YOUR BIKE!” - 5th May

Do you have a bike that is need of some TLC?

Summer is here and the toe paths and bike trails need your presence! You may be thinking about getting out on your own or with the family on bikes now the weather is looking better but worried that your bikes are not “road worthy”?

Your prayers are answered! WFS have linked with a charity called Open Trail and they will be coming into school on the 5th May to service and carry out any repairs needed to our WFS bikes BUT they will also give an MOT to anyone’s bikes from home!

This is a really fantastic opportunity to get yours and your children’s bikes checked FREE OF CHARGE!

Simply bring the bike into school on the morning of the 5th and collect at the end of the day, again this service is free of charge to any pupil or parent.

Special Birthday!

We had a very special birthday in Woodlands this week! Happy 18th birthday Dalcie!

Dalcie celebrated with her friends, music, dancing and cake 😊

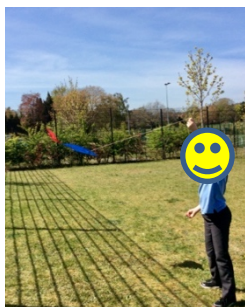

8C – Cooking Lesson!

Well done to 8C for a fantastic Food practical lesson this week, where they made layered deserts. They chose from a selection of ingredients that they and their families would enjoy, and then consider the presentation. As you can see the desserts were a triumph and I am sure were enjoyed at home. Great skills shown Year 8!

When 8C haven’t been making fabulous desserts some of them used their ‘choosing time’ to make kites! Some of which, flew really well!

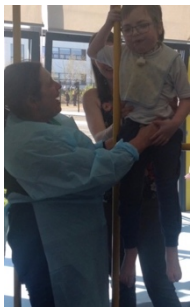

BIRCH Class

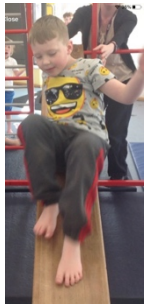

BIRCH Class have been very busy this week thinking about all the different jobs people have! We have loved small world play in our own miniature Birch Town as well as role play where we have dressed up as different people! Using our communication pages, we have been talking about what we want to be when we are grown-ups too! Callum and Riley have decided they want to be rock stars, Archie is going to be very busy helping people as he wants to be a Doctor, Ryan wants to be a train driver, Imogen wants to be an author and Kyle would like to be a builder! Great work Birch class, you are all superstars!

ELM Class

This term we are looking at different people who help us, everything from emergency services, volunteers, cleaners and vets! Fraser and Zach are being very brave on the climbing frame pretending they were in the fire service attending to an emergency! They've also been busy in the class and outside!

WILLOW Class

This week in WILLOW Class we have been exploring objects in the environment that are magnetic.

HAZEL Class

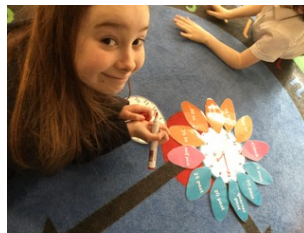

Last Friday, for St George's day, after completing our assembly about the story of our Patron Saint, Saint George and his battle against the fierce dragon, we made our very own shields for St George's Day and here are the pictures of the shields made by Elissa and Connor. They wanted to do the colours of the English flag and add a little sparkle!

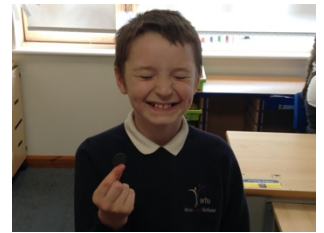

We have all been working really hard in Maths this week with our work on time. Here we have Rebecca and Josh learning about minutes to and minutes past the hour on an analogue clock and Kayla- Marie learning how to read quarter past the hour. Well done for great work in Maths everyone.

On Thursday morning, we began our work in Science on forces and magnets and felt how the magnets can attract and repel. Here are Wyll, Maddi and Rebecca "using the force"! We are very excited to learn more about the forces of magnets.

While digging up the hill on the field (bike track playground), Connor from Hazel Class found some real treasure. It was a half penny coin from 1876 with Queen Victoria on it. Wow!! How exciting!!!

13K ASDAN Qualification

13K are studying the lifecycle of a Butterfly as part of their ASDAN CoPE coursework. The students are carefully observing 5 caterpillars and watching as they grow and change. The students are making notes of the things they see happening and will use this to write a report. The class have named the caterpillars Yuki, Jeremy, Kevin, Luna and Gabriella. They are a week old and have grown so much already! We will update you when they turn into butterflies!

And when they're not busy doing their ASDAN coursework, 13K students have been looking after their mind and body with a morning of yoga and an afternoon of badminton – they certainly are working very hard at school!

YEW Class

We have been learning about and helping grow our very own tadpoles, we visit them in Forest School regularly to monitor their progress.

We have also been having a great time in Forest School; this week's activities were 'nature potions' using flowers, mint leaves and citrus fruits and we all had a practice at using tools to make a class sign with Mr Liggitt!

PINE Class

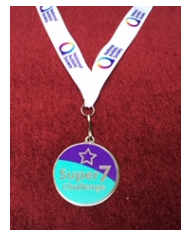

We have had a very busy but fun session in Forest School, we have explored the environment in a variety of ways. We have been digging for 'treasure', jumping from the stepping stones, flying the parachute in the wind, Blake said "it's a big kite" and taking interest in the tadpoles. Kailub was even experimenting with rolling different items down the hill.

**National
Autistic
Society**

Many Thanks to everyone who took part and people who sponsored us when we did the **Super 7 challenge** in aid of the National Autistic Society recently – we have received a medal!!!

Molly Walking & Talking Therapy

Don't forget to return your 'Molly' Consent letter to class, even if you are not happy for your child to be involved with Molly.

Russell House News

Student of the week this week is Jack – We are so pleased with how well he is settling in!

We've recently enjoyed a Mexican themed night.

We enjoyed hitting the piñata and got lots of sweets out of it.!

For tea we had chicken fajitas, nachos and wedges. We all helped cook it and it was "delicioso"

We dressed up in some sombrero's and jorongo's and played maracas!

Don't forget – School is CLOSED on Bank Holiday Monday, we will see everyone back on Tuesday 4th May 2021.
