

## Communication Team News

Hi everyone,

**Here's a Communication and Interaction top tip for this week:**

Follow your child's lead and follow their play.

Children learn lots through play. Play is important for developing language and social skills.

You can support your child by:

- Copying what your child is doing.
- Then pausing and waiting for your child to respond and/or
- Accepting your child's ideas and go with the flow.
- Comment on what is happening. Expand on the language. e.g., your child says 'car', you say 'red car'.
- The most important thing is to have fun!

Kind Regards,

The Communication Team
