

Communication Team News

Hi everyone,

Here's a Communication and Interaction top tip for this week:

Nursery rhymes

Nursery rhymes repeat many parts of the song over and over, this helps your child to remember and learn the words to the song. This helps to develop their language skills.

- Sing a few nursery rhymes every day with your child, this can be when playing together so they have your full attention.
- Even sing when your making lunch, in the car, on the bus, anywhere!
- Sometimes pause and let your child fill in the gaps -This helps with turn taking and attention and listening skills.
- Sing out loud and have fun!

Kind regards,

The Communication Team
